

APBEN 2022

The New Norm of **Professionalism** and **Bioethics** and Beyond
21-22 May 2022

Workshop Panelist

COVID-19 Vaccination

Chiuang Yee Leow

Immunologist and Senior Lecturer
Institute for Research in Molecular Medicine
University Sains Malaysia, Malaysia

BIOGRAPHY

Dr. Leow obtained his PhD from University of Queensland with his research interest focusing on antibody discovery and immunotechnology. He is currently a senior lecturer in the Institute for Research in Molecular Medicine (INFORMM) USM, with his research group looking into exploration of single domain antibodies and unconventional antibodies derived from mammals and non-mammals and developing new antigen binders for research, diagnostic and therapeutic platform. Dr. Leow is also an active member in various national and international research bodies which include The Antibody Society (USA) and Young Scientist Network (Academy of Sciences Malaysia).
